Spring Break 2023

For College Students

Friday, March 17 to
Sunday, March 26

\$540 each (expenses & ministry).

Special Student price \$250 each.

Airfare not included.

Over the years we have hosted and challenged hundreds of college students from the US & Honduras. Whether it's practicing your Spanish as you participate in events with youth and young adults, or leading parts of these events yourself, **this trip will challenge you.**

This year we plan to spend some of our days tutoring urban kids in sports, English, Math and Jesus. Some evenings we will invite you to share your faith walk during Discovery Bible studies in Honduran homes. On your last Saturday your team will help us host a campfire event at the retreat center (CRC) for youth from church and their friends.

You'll sample some local Honduran food made by some of our good friends as well as show your skill at cooking at the *Crucitas* Retreat Center.

It's our prayer this trip will **change your thinking** about "the world." **Kindle your heart** toward lost people around the world. **Expand your family of the faith** to include some precious and inspiring Honduran Christ followers.

Men's Summer Summit

Build, Minister, & Grow

Tuesday, May 23 to

Wednesday, May 31

\$420 each (expenses & materials)

Airfare not included.

This is not your typical missions trip. If you come on this trip, sure, you will help pull off a challenging work project, participate in many opportunities to meet and serve some great Honduran people, but that will not be the only thing that happens. On this trip we will challenge each other to take the next step in our own walk with Christ and to commit to being a catalyst for Kingdom changes in our families, communities and churches.
